From the Editor's Desk

In March we looked back and saw how God was faithful to provide all our needs. In April we look forward and hope that God will be faithful to provide for all our needs in the new financial year. After sending out the March issue of MGRC News, one person sent me a message and told he would like to contribute towards this ministry and asked for our bank a/c details. He immediately transferred some funds. A cousin of mine also contacted me and sent the entire amount of remuneration he had received for doing election duty. He said he had to do election duty among the disabled persons and realized the plight of their lives. Another relative of mine contacted from abroad and said so far she has been giving her charity contributions to an institution in N.India. Now she has realized it is not functioning properly so she will consider channelizing the funds to MGRC. We are grateful to God for all our donors who make things work. I have always believed that if MGRC's ministry is a work of God He will surely provide for that. Time and again He has proved that. God be praised!

Covid-19 has caused a drastic cut on the movements of our community workers as instructed by government authorities. Our activities were also affected subsequently. We have about 350 clients of all ages and belonging to different categories of disabilities and spread over the six panchayats. In this issue I have tried to introduce just a few of them.
